S3RV.

Work organised.
Jobs done.

The white-label job management platform for trades and field-based service providers. From the first quote to the final invoice, every job in one place, carrying your brand.

PLATFORM BROCHURE | 2026

WHY S3RV

One platform. Every job sorted.

Swap paper, spreadsheets and WhatsApp threads for one thread per job, from the first quote to the final invoice. Reactive, planned and project work run in a single pipeline, with no rekeying and nothing lost between the office and the field.

01 QUOTES WITH AI

Quotes in minutes, not evenings.

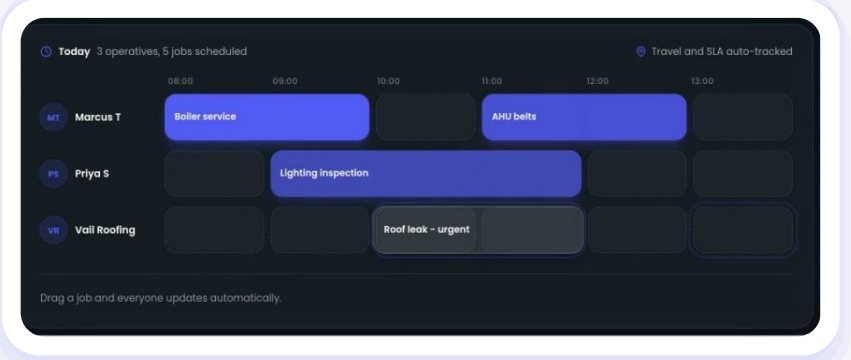

- AI writes clear, professional quote descriptions from a few notes.
- Branded PDF and magic link, so your client accepts in one tap.
- AI help with RAMS and job specifications built in.

02 LIVE SCHEDULING

Plan the week, not the chaos.

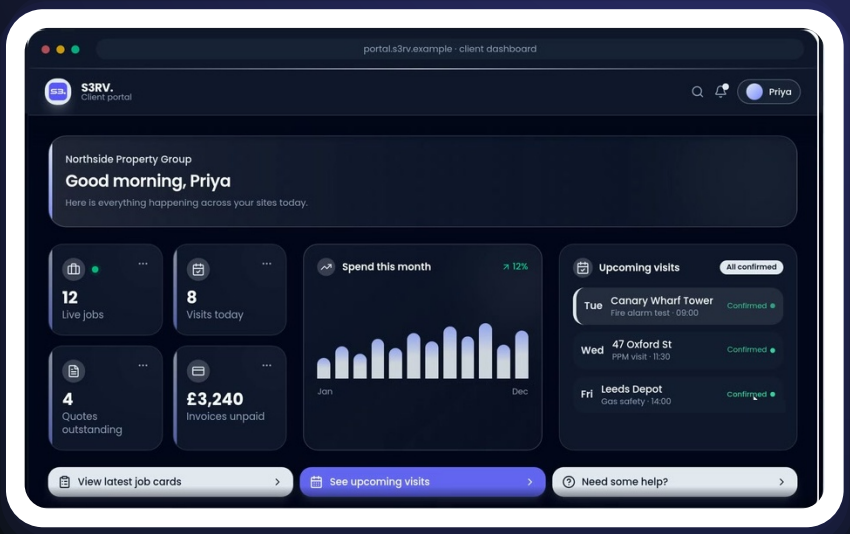

- Drag jobs onto the right operative, with availability and travel time always in view.
- Move a job and everyone knows instantly.
- Shifts, urgent work and route reviews handled in one planner.

03 CLIENT PORTAL

A portal your clients love.

- Live jobs, certificates and reports in one place.
- Branded as you, on your own domain, with your logo and colours.
- Far fewer "where are we up to?" calls.

04 JOB PROFITABILITY

Know every job makes money.

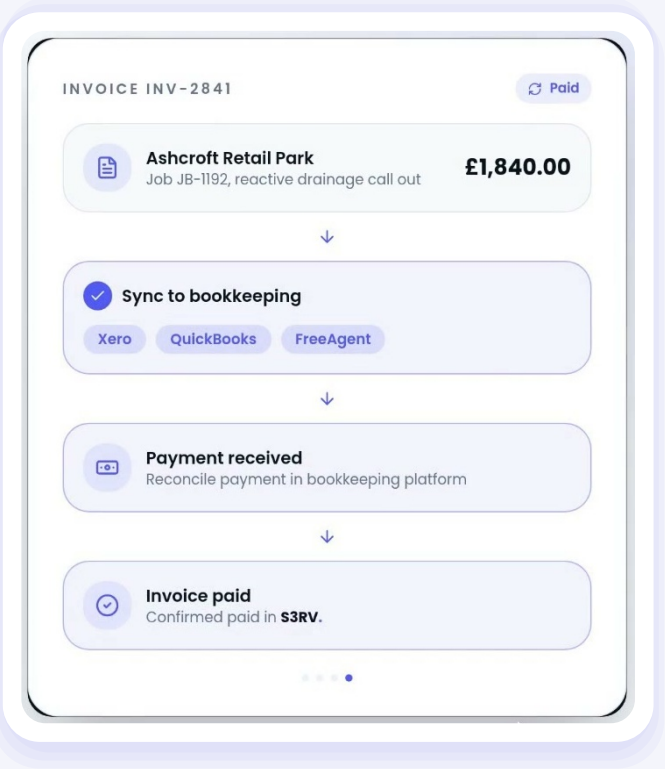

- Labour and materials tracked against the price.
- True profit, job by job, not at month end.
- Reports and dashboards across teams and contracts.

05 QUOTE TO INVOICE

Invoices straight from the job.

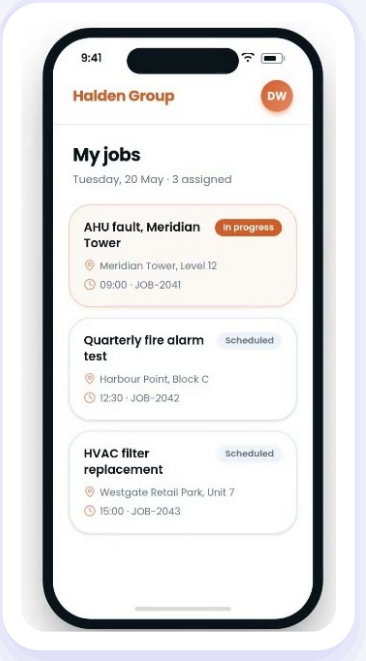

- Raised in Xero or QuickBooks with no rekeying.
- Payment status syncs back automatically.
- Integrations included, never an add-on.

06 WHITE LABELLING

Your brand, everywhere.

- Your logo, your colours, your domain.
- Portals, quotes and reports all carry your name.
- No branding fees, ever. Your clients never see ours.

07 ALSO INCLUDED

Everything else you need to run the day.

Every feature is included in the one price. No tiers, no bolt-ons, no surprises.

01

PPM and planned work

Asset registers per site, planned visits on schedule and recurring contracts that plan themselves.

02

Fleet and compliance

Vehicles, key dates, defects and checks, with clear warnings when something needs attention.

03

RAMS and policies

Drafted with AI, edited in a proper editor and versioned for audit.

04

Subcontractors

Their own accounts at no extra cost, with insurance and accreditation tracking.

05

Reports and dashboards

Across jobs, teams and contracts, so you always know where you stand.

06

Onboarding and training

Migration and support from the people who built it.

Built for trades and field-based service providers. Reactive call outs, planned maintenance and long-term contracts, all in one place.

08 EXCLUSIVE TO THE NETWORK

Exclusive tender opportunities, added daily.

Every S3RV customer gets free membership of the JM2 partner network. New national commercial contracts and reactive jobs land every day, tendered and quoted right inside the platform, and never advertised outside the network.

National commercial work

Planned and reactive contracts exclusive to network members, tendered and quoted inside the platform.

Free membership

Membership of the JM2 partner network is free, with no joining fee.

Added every day

Fresh opportunities arrive daily, so there is always new work to go after.

Quote in one place

Price, submit and manage network work in the same system you run your jobs in.

Free to join. New work every day.

Run your business on S3RV and go after national contracts you would never otherwise see.

Opportunities to tender and quote. Winning work is never guaranteed.
